Work Will Proceed On Charter

Mayor-Council Plan Adopted by Commission

Salem's City Charter Commission Monday night officially adopted the strong mayor-council form of government for inclusion in the proposed city charter to be drafted by June 5.

The voted of three commission members absent from last week's meeting moved the count to 11 for a mayor-council type of government, three for a city manager plan, and one abstention.

The three additional votes Monday night showed Harold Asty and John Herman Jr. both favored the strong mayor-council form with certain restrictions, while Norman Eckfeld preferred a city manager or chief administrative officer plan of government to get a professional in the government.

Voting for the strong mayor-council plan with certain restrictions at last week's meeting were Carl Abe, John Taylor, Atty. Guy Mauro, James Aldom, Ford Joseph, Fred Koenreich, Mrs. Ewing Farrington, Atty. Lozier Caplan and Mayor Dean Cranmer.

Preferring some form of a city manager plan were Jack Rance and Atty. Bryce Kendall.

Council President Michael Schuller, absent from Monday night's meeting, had abstained from voting last week until further study was made on the selection of a city government.

In other business Monday night, John Taylor presented commission

members with copies of his report on "Conflict of Laws" for future study.

Mr. Taylor recommended the Charter Commission:

Bad Weather Moves Into Northeast

By The Associated Press
The bad weather that boiled up a string of tornadoes, windstorms, rain, hail, sleet and heavy snow over a wide corridor of the country's midsection during the weekend moved into the Northeast today.

The culprit for the wide variety of ill weather, the Weather Bureau said, was a low-pressure area that originated in the Southwest and moved in a northeasterly direction through the country.

As the low-pressure area moved, possibly 15,000 to 18,000 feet above ground level, it created violent changes in weather.

Heavy rain, sleet and some snow fell over the Southwest last weekend. As the low-pressure area moved north and eastward it brought windstorms, rain and hail into the country's midsection.

Chicago's tornado and heavy snowfalls in Iowa, Minnesota, Nebraska and Wisconsin were caused by the low pressure.

Monday's tornadoes, heavy rain, windstorms and heavy snow also were created by low pressure.

At least three persons died in a rash of twisters Monday. Tornadoes and powerful winds damaged scores of buildings and downed utility lines over wide sections of the Midwest before dissipating over the Appalachians.

As the storm moved into the Southeast and northward, it dumped nearly 2 inches of rain over parts of Alabama in 6 hours; 1½ inches in Atlanta.

Early morning temperatures ranged seasonally today. The Weather Bureau reported readings in the Rockies and upper Mississippi Valley in the teens and 20s; in the 30s and 40s in the Southwest, Midwest and upper Pacific Coast, and in the 60s and 70s in the South.

Pay Reduction Plan Rejected by Workers

EAST PALESTINE — A proposal calling for a 15 per cent reduction in pay from March 15 to April 15 was rejected by Kenmar Manufacturing employees at a meeting Monday noon at the Eagles Hall.

Approximately 130 members of Local Union 14710 District 50, United Mine Workers of America, rejected the company proposal by a vote of 2 to 1.

A similar vote was taken at a meeting last Friday.

JFK Acts To End Job Discrimination

WASHINGTON (AP)—President Kennedy—in his first action in the civil rights field—has moved to end job discrimination by the government and companies having federal contracts.

His executive order may be the first of a number of steps in this field.

Kennedy told a news conference last week the administration was making a study "of where the federal government might justifiably place its power and influence to expand civil rights."

One step under consideration, he said, was an order to withhold federal funds from schools that discriminate against pupils

on the grounds of race, religion or national origin.

The order Monday night—effective in 30 days—consolidated two existing government committees into a single President's Committee on Equal Employment Opportunity headed by Vice President Lyndon B. Johnson.

Kennedy's order provides stiff penalties for violations, including possible cancellation of government contracts. It also calls for an exhaustive survey of government hiring and firing practices.

Administration officials say the order is the strongest issued by any president in the field of job

discrimination. They say it both provides new sanctions against discrimination and makes it possible to use old powers more effectively.

Reaction came promptly from Capitol Hill.

"This development is excellent as far as it goes," said Sen. Jacob K. Javits, R-N. Y. "But it fails to provide for legislation which is the only real way to give a committee like this the money and the backing it needs to do the job."

"There is no substitute for the President's request for legislation and until he asks for it, I cannot

see the needed results."

Senate Democratic Leader Mike Mansfield of Montana said the order was a step by Kennedy toward fulfilling his campaign pledge to use the powers of the presidency to implement civil rights.

The new committee replaces two which existed in the Eisenhower administration — one on government contracts headed by former Vice President Richard M. Nixon and one on government employment policy.

Secretary of Labor Arthur J. Goldberg will serve as vice chairman of the committee.

Star's Condition Feared Worse

Physicians Hold Urgent Conference

LONDON (AP)—Elizabeth Taylor's doctors called an urgent bedside conference this afternoon amid signs that the gravely ill actress may have taken a turn for the worse.

"Most of her doctors are inside with her," said a close friend at the hospital. "We are not sure what's happening, but things don't look good."

A spokesman for the star's personal physician, Dr. Carl Heinz Goldman, said:

"We can say nothing right now and we'll probably have nothing before 6 or 7 o'clock tonight (1 or 2 p.m. EST)."

Stricken by pneumonia, the 29-year-old film beauty had passed a fair night and a medical bulletin earlier said she was "breathing quietly and peacefully." It added that she was definitely improving "although the general situation remains grave."

Haggard from worry and lack of sleep, singer Eddie Fisher, 31, for the third night remained near his wife's bedside in the exclusive clinic in the heart of London. Two doctors were in the sickroom throughout the night.

Her parents, Mr. and Mrs. Francis Taylor, also spent the night at the clinic.

The actress was seen this morning by her full medical team of six doctors.

They issued this bulletin: "After a restless night with high temperatures her condition is definitely improving this morning and she is breathing quietly and peacefully although the general situation remains grave."

A second breathing expert, Dr. Robert Beaver, was called in to aid the actress, who underwent an emergency tracheotomy Saturday. A breathing tube inserted in her throat then and an electronic lung are helping keep her alive. She rallied after being given blood transfusions for her anemic condition.

An emergency shipment of an antitoxin to prevent the spread of the pneumonia infection was rushed by jetliner from the United States to aid the brunette beauty in her fight against pneumonia complicated by anemia. But after its arrival, a medical spokesman said a new British gamma globulin—probably would be used instead.

Boys Sentenced To Industrial School

LISBON Three East Liverpool area youths were sentenced to the Boys Industrial School at Lancaster Monday by Juvenile Judge Louis Tobin for theft of automobiles and money. Another juvenile involved in the auto larceny was placed on probation.

John R. Lyle, 12, of Lisbon RD and Ross William Lyle, 13, of East Liverpool were sentenced to indefinite terms in the school for auto theft. A 13-year-old boy who accompanied them was placed on probation to his parents after it was learned that he had no previous record.

The Lyle boys were in court last week for auto theft. After they were taken from their parents, they stole three more cars, officers said.

Jack Wayne McKinley, 15, of East Liverpool was sentenced to the school for stealing \$107 from an East Liverpool service station and \$65 and \$115 on two occasions from the Ceramic Auto Supply there. He also broke into several East Liverpool homes, police said.

Periodic Ohio Auto Checks Proposed

COLUMBUS, Ohio (AP)—Compulsory auto inspection — either once or twice a year—again is an issue in the Ohio legislature.

Sen. Ray T. Miller Jr., D-Cuyahoga, introduced the oft-ignored measure in the Senate Monday night while the House was observing a day of silence out of respect for the late Rep. Joseph E. Lady, R-Hardin, who died unexpectedly early Friday and who was buried Monday.

The Miller proposal was that the Highway Patrol make inspections at \$1.50 each. The law would be effective next July 1.

In the past, such proposals have died on grounds that garage inspection stations would make a racket out of inspections, that they would insist on unnecessary repairs.

The House, when it resumes operations today, takes on a double calendar—matters left over from Monday night's session and those on the normal calendar for today.

Among them is a proposal to

French Crack Kidnaping Case

2 Admit Abduction Of Peugeot Heir

AMECY, France (AP) — Police said today that a former paratrooper and an accomplice with a police record have confessed to the kidnaping last year of 4-year-old auto heir Eri Peugeot.

After questioning the pair for 48 hours, police said they admitted participating in the kidnaping last April 12 which netted \$5 million francs—\$100,000 — ransom. The blond youngster of auto magnate Roland Peugeot was returned unharmed.

The two men who were reported to have confessed were identified as Roland de Beaufort, also known as Raymond Rolland, and Pierre Larcher, known in some quarters of Paris as "Handsome Serge."

They were picked up two days ago along with another man and three women, including a Danish beauty queen and a Eurasian strip tease artist. All had been on a ski vacation at Megeve.

The Eurasian — whose father was American and mother Japanese — was identified only as Mitsouko.

The three couples had been staying in a luxurious eight room chalet. They apparently were preparing for a getaway as police closed in.

One couple seized was about to speed off in a blue American-made sports car. A new black sedan was stopped in a nearby town and the other two couples were picked up.

Rolland has been identified as a 24-year-old ex-paratrooper who has been spending large sums although he had no visible means of support. He maintained an apartment in Paris and made frequent weekend trips to Copenhagen with his fiancée Lise Bodin, the Danish beauty queen who was questioned with him.

Larcher, wanted by police in Paris for extortion and for assault and battery, was well known in the Montmartre and Montparnasse night life district of Paris.

They were the only members of the skiing party reported by the police to have confessed any connection with the Peugeot affair.

The Peugeot boy was kidnaped Paris from under the eyes of a chauffeur and nurse. A ransom note was found in a sandle.

None Injured In Two Road Mishaps

Two minor traffic mishaps were investigated by highway patrolmen Monday and today.

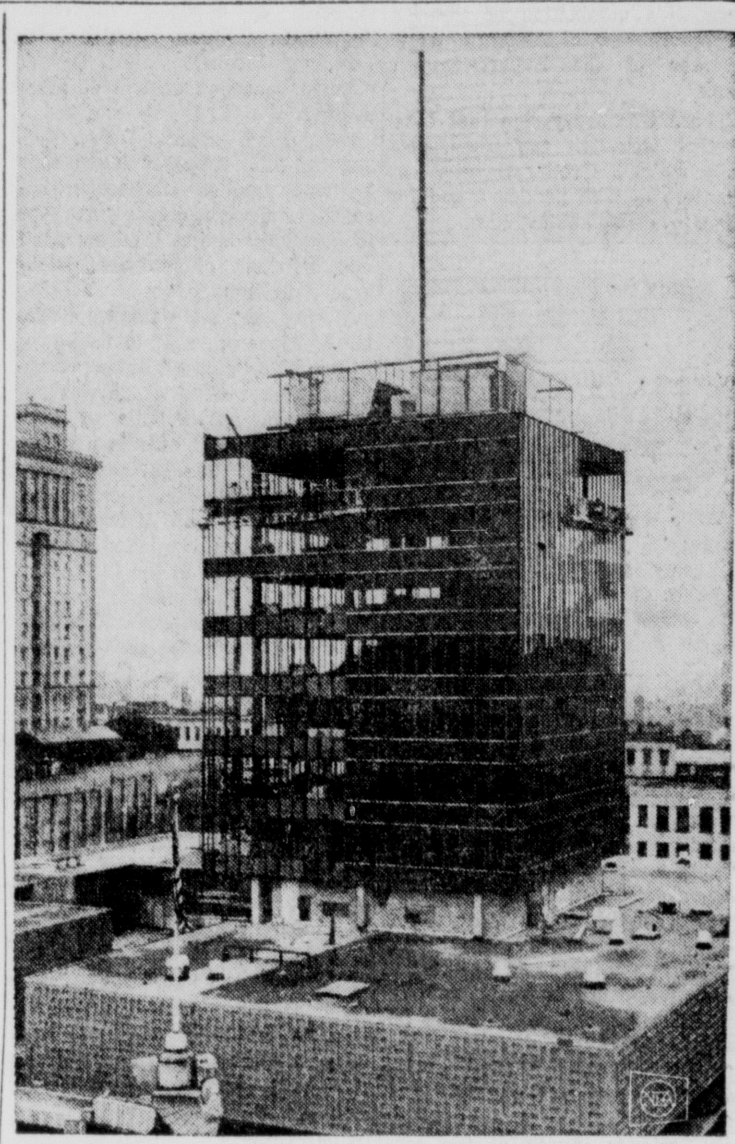

Rt. 14, one-half mile north of Salem, was the scene of a two-car accident at 7:50 a.m. Monday.

Patrolmen said the mishap occurred when Victor Mascioli, 43, of Euclid, attempted to slow down his northbound car behind an unknown auto, causing his car to slide left of center into a southbound auto being driven by Lloyd Bailey, 29, of RD 3, Salem.

Minor damage was sustained by both vehicles, patrolmen said. Mascioli was cited by patrolmen for failure to stop in an assured clear distance.

Minor damage was sustained by a truck-trailer involved in a mishap on Rt. 7, three miles south of Rogers, at 3 a.m. today.

The patrol said John Akers, 31, of Los Angeles, drove his southbound truck onto the right berm, causing the vehicle to go out of control off the road into the ditch and overturn on its right side.

Congo Debate Set Today

Soviets Ask U.N. Ban On Cold War Issues

UNITED NATIONS, N.Y. (AP) — The Soviet Union has proposed to keep explosive cold war issues out of the U.N. General Assembly session opening today. But first talks between U.S. and Soviet representatives were inconclusive.

U.S. Ambassador Adlai E. Stevenson conferred for more than an hour Monday night with Soviet Foreign Minister Andrei A. Gromyko.

There has been talk of shelving such cold war items as Tibet, Hungary and U2 reconnaissance flights. The Soviet government newspaper Izvestia announced that the Russians will not press their demand for a discussion of the U2 flights at the session.

But sources close to U.S. delegates said no agreement was reached between Stevenson and Gromyko.

Ghana's President Kwame Nkrumah sets the stage this afternoon for an explosive new debate on the Congo with a speech to the assembly supporting his plan for an all-African U.N. command in the chaotic African territory.

Nkrumah was the only speaker listed for the opening session of the resumed 15th General Assembly, certain to be dominated by the Congo crisis.

The Soviets sounded a new jarring note on the eve of the session when Soviet Foreign Minister Andrei A. Gromyko snubbed a luncheon Secretary-General Dag Hammarskjöld gave Monday for Nkrumah.

Gromyko's boycott was seen as blunt notice the Soviets will oppose any Congo peace plan in which the secretary-general has a hand. The Soviet foreign minister

Man Tries To Fix Brakes of Car, Is Killed

EAST LIVERPOOL — A 25-year-old Glenmore district man was injured fatally in the garage at his home Monday night when slammed against a wall by his auto after trying to repair the brakes.

Arthur D. Dozier, 24, of Air Beacon Road, Madison Township, was pronounced dead at City Hospital at 9:10 p.m. of injuries suffered in the mishap.

Mr. Dozier had been working on the brakes and asked his wife, Mary Margaret, to move the car into the garage, a preliminary report indicated.

Mrs. Dozier told authorities her husband was standing in front of the vehicle and she told him to move aside. She said she tried the brakes, which did not work, and the auto moved forward, knocking him against the garage wall.

Dr. William A. Kolozsi of Salem, Columbiana county coroner, and Deputy Sheriff James Gause were continuing the investigation today.

SMOKE FILLS HOUSE

City firemen used a ventilating fan to clear out smoke from the home of Mrs. Carroll Beck at 863 Morris St. this morning after a chimney pipe came loose from a coal-fired furnace and filled the house with smoke. Fire Chief Clarence Wright reported.

The incident caused minor smoke damage in the home.

Export-Import Bank Nominee Faces Fire From Liberals

WASHINGTON (AP) — Liberals open fire today on President Kennedy's nomination of Charles M. Meriwether of Alabama as a director of the Export-Import Bank.

There was every sign that Meriwether would be confirmed, possibly without a roll call vote. But senators of both parties asked for time to speak against him.

Goshen Gets New Flag

A new flag was presented to Goshen Grange at its regular meeting Friday night. It was a gift from the men and women's bowling teams, as a "be good to your sponsor" week project.

Dates announced were: Friday, all-county meeting at Goshen Grange; March 13, County Council meeting at Smith Grange; March 17, Goshen Grange inspection; April 27, county grange banquet at Berlin Center Methodist Church.

The bakewalk was won by Mrs. Sam Fleischer, with Lee Chaffee receiving the special prize.

Lunch was served by Mr. and Mrs. Richard Rhodes and Mr. and Mrs. Richard Bryan.

A dance was planned for Saturday when the "juvenils met." The next regular meeting is on March 17.

ROAD TOLL DECREASES

COLUMBUS, Ohio (AP)—January's traffic fatalities in Ohio were 23 per cent under the toll for the same month a year ago. Highway Safety Director J. Grant Keys said 108 highway deaths were recorded in the first month of 1961 as compared to 140 in January 1960.

JOBLESS ROLL DECLINES

CLEVELAND (AP)—For the first time since Nov. 1, continuing claims for unemployment compensation dropped here last week.

The Bureau of Unemployment Compensation reported claims last week totaled 46,179, a drop of 1,266 from the preceding week. However, new claims climbed 265 to 4,815.

Sen. Wayne Morse, D-Ore., said he had notified Kennedy of his intention of opposing confirmation. Sens. William Proxmire, D-Wis., and Jacob K. Javits, R-N.Y., planned speeches critical of Meriwether.

Sen. Hugh Scott, R-Pa., announced in advance of debate that he was against Meriwether because of the nominee's "answers to questions on the Ku Klux Klan and his lack of adequate background in finance."

Meriwether, state finance director of Alabama, said in testimony before the Senate Banking Committee last week that he was not anti-Negro, anti-Semitic or anti-Catholic. He said he was a segregationist but denied these views would influence his decisions on possible Asian and African loans.

Kennedy has continued to support Meriwether in the face of attacks on the Alabamian.

Scott said in a prepared speech he did not think Meriwether had the qualifications for the Export-Import Bank post. He said biographical sketches showed the nominee had only two years of experience in the finance field.

Scott said Meriwether, who served as campaign manager for Gov. John Patterson of Alabama in 1958, had disturbed him by some answers he had given to questions in the committee hearing.

In prepared remarks, Javits said there was a trend toward extending vast new credits to African nations in the future.

"In light of these facts the Senate is asked to confirm the appointment of a man with little more experience in business than as a part owner of a modest drug firm; with no more experience in government than as finance director of the state of Alabama for two years; with no real experience in the field of banking; with no experience in foreign affairs, export trade or anything related to the functions of a bank."

"His major experience has been in politics doing political work for Boss Crump of Tennessee, as campaign manager in 1950 for (retired Navy) Adm. (John G.) Crommelin, Alabama's notorious racist, and as campaign manager for Gov. John Patterson, where he saw nothing wrong with accepting support identified with the Ku Klux Klan."

"The record before the committee on banking and currency clearly shows, in my view, that he is unqualified to take on a sensitive position in the international field."

But Judy pointed out that in 1959 only 10 unprovoked shark attacks, resulting in three deaths, had been recorded in American waters. The world total for the same year: 36 unprovoked attacks, 13 deaths.

"Sharks always deserve the utmost respect," she said. "But they are basically scavengers who prefer dead or dying game, and don't like to attack anything that will put up a real fight — unless they are desperate."

"They are extremely curious and will follow a skin diver for a whole day just to see what he is doing. They don't have much else to do," she said.

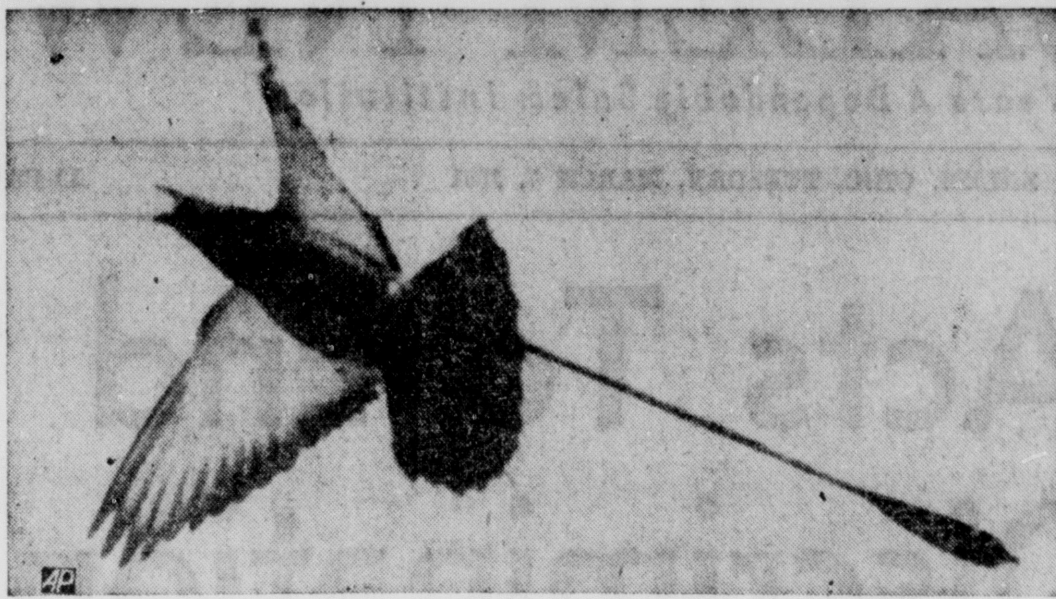

"But if you ignore the shark, he'll usually ignore you." What if he doesn't? Here are Miss Joye's tips to avoid troubles with sharks of all kinds: "Try to look as much like a human being and as little like a fish as possible. The shark doesn't really like the taste of people. He prefers the taste of fish, which has been his diet for millions of years."

"If he bites you, it is probably in error — he has mistaken you for a fish."

Advice on Sharks

By HAL BOYLE

NEW YORK (AP) — "The shark is a much maligned creature," said Judy Joye, one of America's top girl skin divers.

"Dogs are far more dangerous than sharks. You are much more likely to be bitten by a dog."

To prove her point the intrepid Miss Joye, a glamorous brunette who doubles as a model and underwater stunt swimmer, hopes to become the first woman in history to hand-feed a shark for a television audience.

Her performance will be featured on "Marineland Circus," an NBC-TV color program Sunday, April 2.

"So far as I know I'll not only be the first woman ever to try to hand-feed a shark — but the first woman ever to want to," she remarked blithely.

Judy, who has plunged to 130 feet and is one of the nation's few feminine welders on underwater salvage jobs, is full of facts and figures on shark lore.

A big danger, she said, is that some of the seven million U. S. skin divers have taken to trying to hitchhike rides on the backs of sharks, or playfully tweaking their tails.

"It has become a kind of sport with them. They have the idea sharks are tame," she said. "They're not tame, and they don't like having their tails tweaked. They can be provoked to attack."

But Judy pointed out that in 1959 only 10 unprovoked shark attacks, resulting in three deaths, had been recorded in American waters. The world total for the same year: 36 unprovoked attacks, 13 deaths.

"Sharks always deserve the utmost respect," she said. "But they are basically scavengers who prefer dead or dying game, and don't like to attack anything that will put up a real fight — unless they are desperate."

couple of rocks and knock them together.

"Usually this sound will drive him away. Then head for shallow water."

"If he still comes toward you and you can't make it to shore, swim straight toward him, yelling as loud as you can, and hit him on the nose, his most sensitive spot."

"Better use a rock if one is handy. His skin is tough, and if you strike him with your fist it is like hitting wet sandpaper."

"If he circles back to attack, dive to the bottom. Nine out of 10 times sharks attack on the surface."

"But 80 per cent of the time you can predict what sharks will do. The other 20 per cent —" she left the thought unfinished.

Judy's final advice to skin divers: "Let the shark alone. Don't try to toy with him. He simply doesn't like it. It insults his dignity."

THE LOWER ANIMALS by Ralph Buchsbaum and Lorus J. Milne. Lates in the World of Nature series, this beautiful book is sub-titled Living Invertebrates of the World. The first two volumes were "Living Mammals of the World" and "Living Birds of the World," colored plates as well as many black-and-white photographs and with a lively text, this book makes the study of biology a pleasure.

TREASURE DIVER'S GUIDE by John S. Potter, Jr. The lure of sunken treasure is as powerful today as it was in the hey-day of pirates when much of it was lost. Mr. Potter here sets down a general outline of his extensive knowledge of sunken treasure. There is even a twelve-page table of known wrecks listed in the chron-

ological order of their occurrence. **AMERICAN COMBAT PLANES** by Ray Wagner. The author states his purpose to be to give a complete and accurate history of all combat types of planes used by the U.S. military forces, whether built in this country or purchased elsewhere. Illustrated with many black and white photographs.

DECORATING WITH SEED MOSAICS, CHIPPED GLASS AND PLANT MATERIALS by Eleanor Van Rensselaer. For some reason, this little book of make-it has more appeal than the average one of its type. There is a great deal of variety, the materials are one you can gather yourself, your own imagination can pick up where the author leaves off.

FUN WITH THE KIDS by Shari Lewis. Most of the things-to-do included in this book are ones she has done on her television show Shariland. There are many different categories and many of the games and things-to-make are not those found in most books of this type.

The Doctor Says

By Dr. H. T. HYMAN

Faith Triumphs Over Certain Drugs

I hate to admit it but faith healers got a big shot in the arm and we doctors took a licking in a recent pair of encounters.

To the surprise of few experienced practitioners, who have been viewing with alarm the current tendency to overmedicate hypertensives with powerful drugs, Dr. Raymond Grenfell and his associates have reported studies that demonstrated a sustained lowering of blood pressure following injections of sterile water. That's right, sterile water!

Here are some of the details as reported to the 14th Clinical Meeting of the American Medical Association:

OVER THREE YEARS one group of hypertensive patients was given injections of a recognized pressure-reducing drug while another group received injections of sterile water. As nearly as possible, the groups were matched. Neither knew what was being injected.

Over periods varying between 59 and 143 weeks, significant reductions in blood pressure were noted in both groups. Those in the sterile water group were just as

satisfactory as those in the group that received drugs, both as to systolic and the more important diastolic pressures.

A SECOND BLOW to overenthusiastic "drug-healers" was delivered by the psychiatrists of the University of North Carolina. Using three different tranquilizers, a pep-up pill and a placebo (sugar pill), they treated a group of 80 oldsters suffering from various mental disturbances such as depressions (the blues), restlessness, confusion and ideas of persecution (paranoia).

After two months of a "blind study," in which neither patients nor doctors knew which product

was which, they made tests to determine the effects of medication on the anxiety content and moods of their subjects.

THE WINNER? The sugar pills whose subjects proved less anxious and more alert than the tranquilized and peppered-uppers. Maybe some of us "pill-pushers" ought to take to the hills instead of to the pills!

Medical Insurance Or What?

There are more things to think about in connection with federal health insurance than our politicians are likely to mention.

One is the slippery practice of calling "insurance" what is not in fact insurance at all, but an IOU payable on presentation.

Social security taxes are not invested in wealth-making projects, as premiums paid to insurance companies are invested. They become part of the general income of the government, are spent for current needs and claim against future revenue.

This is one of the things politicians never remember about cradle-to-the-grave security they refer to as insurance is no more like insurance than a poken player taking IOUs from a heavy loser who previously had been cleaned out in a crap game.

Another thing our politician friends never bring up in their discussions of "health insurance" is the absurdity of setting up a costly system to pump money into the pockets of the aged ill who it can be pumped out of their pockets by all the people who stand to gain something by taking care of them.

LET IT BE GRANTED that hospitals, nursing homes, nurses, doctors, technicians, administrators, orderlies and all others involved in the booming geriatrics industry have a right to be paid in full for their services.

Let it be granted that the great medical triumph that has made it possible to prolong life without prolonging robust health or the right to earn a living has backfired by creating a huge minority of aging citizens who live in fear of losing all they are allowed to have through the high cost of illness in their

declining years.

But having granted this, aren't we justified in wondering whether it would be simpler to work out a system for taking care of the high cost of being old and ill that did not aim to collect in taxation during the earning years what it's likely to cost for medical care during the vegetative years?

Such a system would reimburse all industry for their services and skills at flat rates, all reimbursement to be paid directly to recipients, without the formality of collecting it years in advance, spending it for operating costs of government, replacing it with IOUs in the Social Security account and turning in the IOUs for redemption by the U.S. Treasury when they are presented by bearer.

THIS WOULD BE socialized medicine with a vengeance. It would be inveighed against and excoriated by all people who despise the thought of socialized medicine.

But if it could be discussed as the alternative to a fantastic system of collecting billions through taxes so IOUs could be redeemed by the U.S. Treasury years later to underwrite the high cost of being old and sick, the contrast might shock our best minds out of their complacency.

Is "medical insurance" the right name for what is being patched together with adhesive tape down in Washington?

Or should it be called a "multi-billion-dollar subsidy" for the people who are hoping to wring the last full dollar of payment out of the vast project of taking care of the old and sick in the United States?

Whose Education Will Be Improved

It has taken no time at all to reveal that federalized education is not designed to improve education everywhere.

When citizens of the states that would pay out more than they would get in return discover what they're in for, their ardor for federal aid, if any, will vanish.

Federal aid is a taxation trick to make it appear the federal government would be giving aid everywhere when in fact it would be interested only in diverting money from places already supporting school systems to places that claim they are too poverty-stricken to support school systems.

Walter Lippmann, who believes in federal aid, says we mustn't fall into the mistake of thinking the federal government would tax the rich for the benefit of the poor. The poorer states, he says, are making a greater effort to support their schools than are the rich states.

There's a catch in that presentation, because 5 per cent of \$100, which sounds like an all-out effort, still produces no more than one-half of one per cent of \$1,000, which sounds like minimum effort. The Kennedy proposal for federal aid is a plan to

divert money from well-to-do states to poor states. It is not a plan to improve education in general.

Lippmann says it is necessary because the total of pupils has outgrown the resources of some of the states. Supplementary support, he argues, has been made necessary by resistance to local and state taxes. This is because local and state governments depend on property taxes—immovable revenue sources.

Beardsley Ruml is quoted by Lippmann to the effect that it isn't possible to raise more money in all 45,000 school districts, or even in all 50 states. Therefore, the easy way out is to let the federal government take money from the haves and distribute it among have-nots. Let Ohio pay for Mississippi. Let Illinois pay for Georgia.

When it becomes clear to supporters of federal aid that they are supporting a plan to divvy the wealth at the expense of the states already paying for first-class education—that this isn't a plan to improve education in general but to penalize it where it's good and to retard it where it's bad—there will be a sudden slump in enthusiasm for federal aid to education.

New Concert Season

Lovers of good music will rally 'round this week as the Columbiana County Community Concerts Association membership campaign gets under way.

The community concerts have been a cultural asset to the city for 14 years now and because of their popularity, present members are given first opportunity to renew memberships. On March 13 new memberships will be accepted.

Usually, from 800 to 850 members are enrolled, this quota being based on the seating accommodations at the Junior High auditorium, where the winter concert programs are given. If you are a newcomer or are one of the unfortunate persons who waited too late last year to sign up, it would be advisable to call Mrs. Curtis Vaughan, headquarters secretary, or Miss Carmen McNicol, association secretary.

Recession Merry-Go-Round

Inside Labor By Victor Riesel

A specter stalks Jimmy Hoffa. It's the shadow of a dead man who was Jimmy's "brain trust." The apparition looms high above Hoffa's horizons. The dead man was one Eddie Cheyfitz. His anonymity was matched only by the fact that he was the greatest maneuverer since Machiavelli. He developed the ultimate strategy for Hoffa.

That strategy was and is aimed at making James Riddle Hoffa the leader of all organized labor in the U.S.

Those who knew Cheyfitz said that, once Hoffa attained that, Cheyfitz would switch the strategy to "Tomorrow the World."

Cheyfitz, as debonair as he was brilliant, as cynical as he was agile, died more than a year ago—some two years after he came to Hoffa, and said let's ask them to set up a board to monitor you.

After a while you'll be rid of them. Sooner or later the courts will have to rule them out. This will mean, to the public, that the federal courts will be saying neither you nor the teamsters need monitoring.

That's exactly what happened. With the monitors gone, Hoffa is set for Cheyfitz' Phase 2. This calls for the soft sell.

Hoffa, now, will be the gentlest of teamsters. His appeal will be to reason. His speeches will call for understanding.

HIS FIRST MOVE will be the attempt in a week or so to win dismissal of the Orlando, Fla., grand jury indictment in the Sun Valley case. If he fails, he will try to gain postponement of the trial itself, from late April or early May to next year.

Hoffa would like the court action not to conflict with his early June Florida convention. Not because he is concerned over any opposition exploiting his indictment. There is no organized opposition to the oftines petulant petrei's leadership.

What concerns him is what the public relations people refer to as the mystique of the moment, the "frame of reference."

James Hoffa wants to take the platform at his teamsters convention and in his keynote speech and in his acceptance speech and in his victory speech, offer his money and his manpower to the rest of the labor movement.

He expects to say that in the hours of a recession, there must be unity of labor and the teamsters want to rejoin the AFL-CIO.

Hoffa will offer his minions and millions for a merged drive to organize the unorganized as John Lewis did in the mid-'30s.

BY THAT TIME it will be just a few days before the AFL-CIO Executive Council meets again.

Hoffa has been conferring with some members of that council. They will introduce a formal resolution calling on the council to invite the teamsters to return. Backing them up will be other resolutions, letters and telegrams from the field.

Disloyalty

By TRUMAN TWILL

The quip going around the office is that the common cold is impartial: Sometimes the eyes have it, other times the nose.

This is the season of the year when the chicken-hearted flee to more healthful climates in hope of prolonging their lives. A few sniffling words about the common cold may not be out of order while they are away.

The outstanding thing about it is that it isn't common any more. The common cold has become uncommon and the uncommon cold has become common.

The common cold used to last 14 days if treated scientifically and a fortnight if left untreated. Everybody had common colds off and on, starting when the temperature dropped and lasting until late spring. After that, the same thing was called a summer cold and was popularly believed to be the worst kind of cold there could be.

Three or four common colds a winter were not out of the ordinary. During the intervals between, life went on as usual. Many people worked hard at avoiding colds, never sitting in drafts or opening a window in the bedroom, but precautionary measures were futile. "As easy as catching cold" used to be the saying.

The uncommon cold became common after World War II, when many things changed. This was connected with the doctrine that became widespread in the dawn of the Nuclear Era, that everything before Hiroshima had been made obsolete and unfashionable by that colossal vroom.

There were no untreated colds any more, neglect wasn't scientific. Now there was a shot, capsule, tablet, pill, or potion for

everything—none of those fudgy-dudgy remedies like chest poultices and aromatic salves but \$15 prescription stuff. With so much scientific treatment available, no one talked about a common cold. It was gauche, like having ingrown toenails.

So today we have the uncommon cold, instead.

After being cold-free for so many years they weren't worth counting. I have moved into the select circle of uncommon cold sufferers and am in a position to give testimony.

The essential difference between the new variety and the old is that the old finally went away because it wore itself out, whereas the new variety—the uncommon cold—lingers on indefinitely. It wears you out.

It is not as juicy and runny, thanks to science. But also thanks to science it is summier and harder to endure because it never has a chance to blow itself out.

Mine has been with me since Groundhog Day. Every few days it gets worse, though it stands to reason it also must get better sometimes, or there wouldn't be anyone to make this report.

On second thought, there would be millions to make it, including all other denizens of the Twillery. All are sagging under the same affliction—the uncommon cold since the common cold went out of fashion.

In between wheezes, sneezes, snarls and barks, life goes on. On second thought, refugees who flee to the healthful climates aren't really chicken-hearted.

They're disloyal to the uncommon cold.

They don't want to live modern, that's their trouble.

Public Indifference

No Protest Aired on Manner of Picking Judges

Bad government is largely traceable either to the indifference or to the ignorance of the voters.

A conspicuous example of how the public interest may be injured by neglect has been given in the last few days.

What could be more important to the American people than the selection of qualified men and women as federal judges to interpret and enforce federal law? Yet the press has just reported indications that the 73 new judgeships being created by Congress may be filled by the President largely from one political party.

Very little protest has been heard—even from the so-called liberal Democrats in Congress—over the implication that judgeships are to continue to be a matter of political patronage like postmasterships.

There has been a strange silence from liberal quarters about the gag rule imposed by the Democratic majority, which passed the bill in the senate without even permitting hearings.

Attorney General Robert F. Kennedy gave to the House Judiciary Committee the usual promise that "the best qualified individuals" would be appointed. The United Press International on March 1, however, reported that the attorney-general declined to heed a Republican congressman's plea for a "promise that the total number of federal judges would be kept somewhat equally divided between Democrats and Republicans."

The dispatch continued: "Later Chairman Celler, of the House Judiciary Committee, frankly told Representative McCullough that even though the bill to create new federal judges was approved by the committee last year, House Democratic leaders bypassed it because they thought their party would soon take over the White House. 'The leadership gambled and won,' he said."

THE FIGURES presented to the House Judiciary Committee a few days ago showed that out of the 225 judges appointed by Franklin D. Roosevelt, there were 217 Democrats and 8 Republicans.

President Truman appointed 118 Democrats and 12 Republicans.

President Eisenhower appointed 175 Republicans and 11 Democrats.

Mr. Eisenhower's supporters have insisted that he was merely "trying to restore the balance" which was impaired by 20 years of Democratic administrations in which the number of judges se-

lected from one political party was overwhelming.

Last year, when a bill to create the new judgeships was recommended, the Eisenhower administration offered to divide the appointments evenly with the Democrats but the measure was blocked.

The nation has been led to believe that the Kennedy administration would introduce a new virtue in the matter of appointments. During the last campaign the Democratic presidential nominee said:

"All appointments, both high and low, will be made on the basis of ability, without regard to race, creed, national origin, sex, or occupation... and appointees shall be drawn from all segments of the community, wherever the best talent can be found."

This was widely construed as a new approach. The selection of the federal judges now affords an opportunity for the campaign pledge to be fulfilled.

There can be no more effective way of destroying confidence in the impartiality of the federal judiciary than to make it the tool of party politics.

People in the community grow suspicious of politicians on the bench and, in litigation between prominent persons in politics and their adversaries, distrust arises that a fair verdict will not be rendered.

THERE HAVE, of course, been many judges of ability appointed who eschewed all previous political connections and discharged their duties fearlessly and objectively.

How can the country be sure that the best qualified men and women are appointed to the federal bench?

One might assume that the local bar associations would step in and protest the appointment of incompetent judges. This, too, is a course fraught with political embarrassments. The lawyers who are subsequently to appear before the same persons nominated for the bench would hesitate to oppose confirmation or to express themselves on the qualifications of such nominees.

It would be better, of course, if the bar associations in each district would select in advance at least five persons for a judgeship and, without expressing a preference, testify that each was qualified to serve. Failure to be selected by a local bar association need not always be conclusive but at least in the vast majority of cases the country would have the assurance that the persons best qualified in the law were being selected for the federal bench irrespective of their political background, political activity or political influence and solely on merit.

Health Department Budget Okayed

County Advisory Board Officers Are Elected

County Advisory Board officers were elected and a new member of the County Health Board was named at a meeting of the advisory group Monday night at the Courthouse in Lisbon.

The 1962 health department budget also was approved. Mayor Dean Stockman of Lisbon was elected chairman of the advisory council, succeeding Carl N. Blake of Franklin Township. Arthur D. Swindell of Knox Township was elected vice chairman, and Mrs. Edna Glausser was elected secretary. She is clerk and deputy registrar in the health offices.

Felix Butch of Lisbon, pharmacist and former justice of the peace, was elected to the County Health Board for a five-year term, succeeding Mrs. Leona Archibald of Minerva RD 3. Mrs. Archibald served two years of the unexpired term of Walter Tschabold of Minerva RD.

The 16 trustees and mayors present at last night's meeting passed a county health budget of \$44,400 but refused to appropriate the \$27,000 necessary to bring the estimated resources up to \$44,400. They did agree to pay \$25,000 toward the resources.

The breakdown of the suggested budget follows:

Estimated resources local taxation, \$25,000; federal grants-in-aid, \$4,000; state subsidy, \$1,900; sanitation fees, \$9,000 and restaurant fees, \$2,500 for a total of \$42,400.

Estimated expenses — health commissioner, \$13,500; nurse, \$4,000; clerk 1, \$3,750; clerk 2, \$3,150; sanitarian \$4,750; inspector \$4,600; medical supplies, \$450; office supplies, \$900; board members, \$400; travel \$3,200; miscellaneous, \$1,668.87; workman's compensation, \$400; retirement, \$2,872.13; equipment, \$250, and treasurer of state, \$500, for a total of \$44,400.

The advisory group passed a motion that, since the Columbiana County Health Department is overseeing the County Tuberculosis Clinic, the commissioners be requested to pay 25 per cent of Dr. C. S. Palmer's salary.

The group also discussed the operation of the TB clinic. Dr. Palmer discussed the health department's school program and sewage problems and the necessity of enlarging the health department's staff.

Atty. Howard Cole of Lisbon presented the budget and answered questions, along with Fred Johnson of Summitville, vice president of the Board of Health. Other members of the health board are Dr. L. S. Pritchard of Columbiana and Glen Hawkins of New Waterloo.

This is the first time an American ambassador has made such a trip to see any Soviet leader. It is also the first time that any foreign envoy has met Khrushchev outside of Moscow except when they have visited him at one of his holiday homes.

The fact that Khrushchev has invited Thompson to see him in the midst of a busy tour indicates the importance which he attaches to the Kennedy message.

The note expresses hope for better understanding between the United States and the Soviet Union, but details have not been disclosed.

Thompson flew back to Moscow late last month with the message after consultations in Washington with Kennedy and the State Department. But Khrushchev had already left on his agricultural tour.

Thompson asked Foreign Minister Andrei Gromyko last Thursday for an appointment with Khrushchev and told reporters it was urgent for him to see the Soviet premier.

He pointed out then that it was already so many days since his last talk with the President.

Czech Wife Also Spied for U.S.

University Professor Bares Espionage Tale

DELAWARE, Ohio (AP) — A story of espionage with an ironic twist was unfolded here Monday night by a university professor who says he worked as a U.S. Army counterspy in Germany.

His foreign-born wife worked in the Czech consulate in Frankfurt, Germany, and because of this, he said, she was denied a visa to the United States.

The irony, he said, was that she was really an American spy. Brilly, "She was working in a commie setup and was bringing the information to us."

The Britlys were married in Switzerland in 1951. That same year, he had resigned his Army counterintelligence job. The resignation was automatic, he said, because his wife was a foreigner.

Brilly then had taken a civilian job at Erding Air Force Base near Munich. In 1956, Brilly left his Air Force job because of a heart condition. It was then, too, that he left his wife and son in Munich and returned to the United States.

As it was, it was an arduous 10-year wait for Brilly, now 52, and his wife, Danuse, 35. But the story neared a happy ending Monday when, after years of trying to cut through red tape and enlisting the help of Washington officials, Brilly received this telegram:

"Senator Lausche informed by the Department of State (that) Mrs. Brilly can have an American visa any time she applies. Congratulations."

The wire was signed by Stanley M. Andrews, who Brilly said is an aide to U.S. Sen. Frank J. Lausche, D-Ohio. Brilly said he immediately wired his wife the good news. She is living in Munich, Germany, with their 9-year-old son, Francis X. Jr.

He said if he can arrange for the fare, they will join him next month here in Delaware, where he is an assistant professor of speech and director of the speech-hearing clinic at Ohio Wesleyan University.

Brilly met his wife-to-be, a displaced person, at Frankfurt in 1949. The year before, she had started work in the Czech consulate there and for 1½ years she was "contacted periodically

for information" by U.S. Army intelligence.

Was she actually an American spy?

"What do YOU think?" replied Brilly. "She was working in a commie setup and was bringing the information to us."

Soviets

is expected to continue to press the Kremlin's demands for an end of the U. N. Congo operation and Hammarskjöld's resignation.

Gromyko called on Nkrumah at his hotel suite, apparently to make clear his boycott of the luncheon was not directed at the Ghana president.

Nkrumah's Congo proposal, as outlined in a recent cable to Hammarskjöld, differs sharply from Soviet demands.

It contains these main points: 1. A new all-African U. N. command should be set up in the Congo to take over full responsibility for law and order. 2. All Congolese armed units should return to their barracks and surrender their weapons to the new U. N. command. The disarming should be voluntary, but the U. N. troops would use force if necessary.

3. All non-African personnel serving in the Congolese armies must be expelled at once.

4. Once the military situation is brought under control, all political prisoners would be released and the Congo Parliament would be convened.

Speakers Heard At Civil Defense Session

Cecil Williams, an Ohio Bell Telephone Co. representative from Akron, discussed communications at the recent meeting of the Salem Civil Defense organization at the American Legion Hall.

H. E. Zepernick, Area CD director, and Atty. George H. Bowman, city civil defense head, also spoke.

John Herman Jr., was the instructor for rescue team training. Four new members of the CD unit were inducted and a movie of a simulated attack on Portland, Ore., was shown.

The next meeting will be held March 19 at 2 p.m. at the Legion Hall.

Jobless Claim Decline Here Is Reported

Unemployment in the Salem and northern Columbiana County area showed a slight decrease in February over figures in January, Arthur S. Johnston, manager of the local Ohio State Employment Service office, said today.

The total number of claims filed in the office last month reflected a drop of 954 from the number received in January. The total last month was 7,306 compared to 8,260 in January.

New claims were down 511 from January's 1,502 to 991 in February, as were continuing claims with 6,758 in January and 6,315 in February, Johnston said.

Less working days in February probably was one reason for the decline, Johnston pointed out. Unstable work is another factor, he added.

At the end of February, the office listed 2,376 persons hunting work while there were 1,978 at the end of January. The office had 34 job openings in February, of which 25 were filled, while in January there were 60 openings and 56 filled.

Johnston said 320 people exhausted their jobless benefits in the 11 months from January through November last year.

Meanwhile, Johnston said the local BUC office paid out \$229,139 in jobless benefits under Ohio law in January and \$190,299 in December of last year. A total of \$1,301,236 in benefits was paid out in the January through December period last year, he added.

Lisbon Presbyterian Church Scene of Wolfe-Dowd Nuptials

Miss Carole K. Wolfe carried a white Bible topped with a white orchid, satin streamers tied in lovers knots and lilies of the valley when she became the bride of John Alan Dowd Sunday afternoon at Trinity United Presbyterian Church in Lisbon.

Rev. C. O. Armstrong, pastor, officiated at the double ring ceremony before an altar banked with palms and ferns. Two golden vases held white floral arrangements and seven branch candelabra with lighted white tapers were at either side.

The bride is the daughter of Mr. and Mrs. Edgar A. Wolfe of N. Market St., Lisbon, and the bridegroom's parents are Mr. and Mrs. John J. Dowd of Columbiana.

Mrs. William Bergert at the organ presented a half hour of nuptial music. Mr. W. S. Frew sang "Whither Thou Goest."

Escorted to the altar and given in marriage by her father, the bride appeared in a street-length gown of white silk organza. The fitted bodice featured a bateau neckline and three-quarter sleeves. The sheath skirt was accented by a full pleated over-skirt. A silk organza band held in place her shoulder length veil of silk illusion.

Miss Shirley Magill of Washington, attended the bride as maid of honor and was her only attendant. She was attired in a street-length dress of powder blue chiffon, sleeveless, with a scoop neckline and full bouffant skirt. She carried a colonial bouquet of pink rose buds with cascading satin streamers.

Thomas Hartley served as the best man. Ushers were Frederick and Joseph Less. All are of Washingtonville.

Pink carnation corsages complemented the ensembles worn by the mothers of the couple. Mrs. Wolfe chose a navy blue ribbon lace sheath dress with white accessories, while Mrs. Dowd wore a powder blue lace sheath dress with jacket and matching accessories. Mrs. Charles Readshaw of Atwater, grandmother of the bridegroom, wore a print dress with jacket enhanced with a corsage of white carnations.

A reception was held in the church social room for some 200 guests. The bride's table, laid in white linen, was centered with a four-tier all-white wedding cake adorned at the top with a cluster

Mrs. John Dowd

of three wedding bells. A crystal punch bowl with matching candle holders and silver tea service completed the setting.

Aids in serving were Miss Diane Nack, Miss Eleanor Montgomery, Miss Sylvia Massey, sorority sisters of the bride from Mt. Union College, and Mrs. Carl Steitz, a cousin.

Miss Mary Jane Dowd, sister of the bridegroom, registered guests from Lisbon, Youngstown, Cleveland, Pittsburgh, Columbiana, Salem, Akron, Atwater, Leetonia, Poland, Alliance, Washington and Florida.

For her honeymoon trip to an undisclosed destination the bride wore a multi-colored wool suit with beige accessories and the orchid from her wedding bouquet. Upon their return, the couple will reside at 678 S. Union Ave. in Salem.

Mrs. Dowd, a graduate of Lisbon High School, attended Mt. Union College and is employed at the First National Bank in Salem. Her husband graduated from Columbiana High School and is employed at the K. W. Ferrall Pattern Works in Columbiana.

Gifts were presented to the attendants when the bridegroom's parents were hosts at a dinner party Saturday evening at the American Legion Home in Columbiana preceding the rehearsal.

First National Bank Wins; Nears Class A Cage Crown

Bankers One Game Away from Crown

Bill Pauline Sets Scoring Record By Pouring in 38 Against Meissner's

First National Bank wrapped up at least a share of the second round title in the Salem Class A basketball league last night by whipping Theron's IGA, 70-61, at the Memorial Building.

Old Dutch kept its slim hopes alive by knocking off Herron Transfer, 68-54. The defeat eliminated Herron's chances of defending their 1959-60 title. The Truck-

ers, who lost the first round title in a playoff with Old Dutch, now have three losses this round.

First National has a 7-1 record with a game with Herron's coming up on Wednesday. A win for First National would give them the second round crown and put them in a playoff with first round champion Old Dutch for the season's title.

Dischinger All But Raps Up Big Ten Title

CHICAGO (AP) — Purdue All-America Terry Dischinger has all but wrapped up the Big Ten all-games basketball scoring championship.

Dischinger has 626 points in 22 games for a 28.4 average while runnerup Jerry Lucas, Ohio State's All-American, has 546 points in 22 games for a 24.8 average.

Both have one regular season game left.

Don Nelson of Iowa is third with 547 points in 23 games for a 23.7 average followed by Walt Bellamy of Indiana with points in 23 games and a 21.4 average.

Kiwanis Takes 6-Game Lead In Volleyball League

Kiwanis continues to make a shambles of the Salem Adult Volleyball League race.

The first round champs, unbeaten in 21 starts in the second round, racked up three wins over Eljer last night by scores of 15-0, 15-3 and 14-8. This moved Kiwanis six full games out in front of second place Hunt Quick As Wink with only 12 games remaining to be played.

In other games last night Dunning Co. (14-7) captured two out of three from Hunt Plungers (2-19) by scores of 13-11, 14-12 and 8-13; And Electric Furnace Office (8-13) took two out of three from Electric Furnace Engineering (4-17) by scores of 15-7, 10-12 and 14-11.

Dupas Eyes Nontitle Battle With Paret

NEW ORLEANS (AP) — Classy welterweight contender Ralph Dupas today eyed a nontitle bout with champion Benny (Kid) Paret after winning a unanimous 10-round decision over middleweight Joey Giardello.

The fast-moving New Orleans fighter swiftly moved out of reach of Giardello's famed left hook and threw a quick left-right-left combination in rapid succession to bewilder the Philadelphia Monday night.

Dupas, the third-ranked welterweight, weighed in at 149, spotting Giardello, who's ranked fifth among middleweights, 11 pounds.

Whitey Esneault, Dupas' manager, said he wanted to sign his classy protégé for a nontitle match with Paret. He declined to discuss any details of a proposed bout with the welterweight titlist.

The win was the 87th triumph against 14 losses and six draws for the 25-year-old Dupas. Giardello now has 84 victories, 20 defeats and six draws.

Singles, Doubles Start Saturday

Purity Cops Team Crown In Women's Bowling Tourney

Purity Dairy Salem copped the team championship in the Salem Woman's Bowling Association's 22nd Annual City Tournament which got underway Saturday at Timberlanes.

Purity's score was a 2877 which included a 2472 actual with a handicap of 405. Olive Ramsey is captain of this team which also includes Louise Tetlow, Erla Burrier, Min Spear and Milly Kline.

There were 82 teams entered from district communities, including Columbiana, East Palestine, Lisbon, Washingtonville, Leetonia and Salem.

OTHER TEAMS finishing in the top 12 were 2—Salem Parker Chevrolet, 2834; 3—Columbiana Kyser's Lanes, 2802; 4—Salem McCulloch's, 2757; 5—Salem Union Valet, 2717; 6—Washingtonville Dave's Barber Shop, 2717; 7—Leetonia Wolley's Chevrolet, 2716; 8—

IF HERRON'S should upset the Bankers, either Old Dutch or Bricker & Bricker could move in for a share of the title. Old Dutch is 6-2 with a game remaining to be played with rugged Beall Battery & Electric.

Bricker's has a 5-2 mark but its last two games are against the Berlin Merchants and Coy Brothers, both buried deep in the second division.

In a game which had no bearing on the title chase, Bill Pauline of Salem Stamping set a new season's scoring high of 38 points in leading his team to a 78-68 win over Herron's.

WITH THOSE 38 points, Pauline regained the league scoring lead from Ed Daugherty of Beall's. Pauline now has 365 points compared to 362 for Daugherty. Each has one game left to play.

Daugherty held the previous single game scoring high of 35 points racked up last week against Coy Brothers.

Pauline collected his 38 points on 16 fielders and 6 fouls. He got 20 points in the first half and 18 in the last two periods.

Leading the way for Meissner's was Carson McNeely with 17 points and Sonny Bowman with 15.

Ray Pinkerton's 21 points in three quarters of play led First National to victory over Theron's. Ferg Wilson paced a well-balanced attack for the losers with 16.

JOHN MANDISH, Jerry Hendricks, Bill Davidson and Dave Hiner combined their talents for Old Dutch which enabled their team to pull away from Herron's in the final quarter. Until that time the Truckers had put up a stiff fight. Old Dutch led only 44-42 going into the fourth quarter.

Leetonia High cage coach Len Batcha led Herron's with 16 points. George Ramsey had 14. Mandish wound up as high point man for Old Dutch with 26. Hendricks chipped in with 18.

The tourney will conclude this weekend with doubles and singles matches on Saturday and Sunday. There will be 84 sets of doubles and 168 singles. Prize money totaling \$1,232 will be distributed to the winners on April 23. Trophies and medals will go to the top winners.

Ohio State Still Atop AP Survey

Unanimous Choice In Final Standings

By WILL GRIMSLEY
Associated Press Sports Writer

Ohio State is the undisputed national college basketball leader for the 1960-61 season, dominating The Associated Press poll as no other team has ever done.

The undefeated Buckeyes, with a 28-game winning streak dating back to the late stages of the previous campaign, were a unanimous choice today in the final standings.

This marked the 13th straight week they had been the solid choice of the special panel of sports writers and broadcasters. They led the poll every week—from the first to the last, an unprecedented achievement.

The season's race actually became one for second place and another Ohio team—Cincinnati—pulled that out with a great finishing spurt of its own.

The Cincinnati team closed its regular schedule on an 18-game winning streak which clinched the Missouri Valley championship from under the nose of Bradley. Cincinnati beat Marshall Saturday 69-57 while Bradley was losing to St. Louis 73-60.

The top ten, with first place votes in parentheses and points on a 10-9-8, etc. basis:

1. Ohio State (36) 360
2. Cincinnati 313
3. St. Bonaventure 250
4. Kansas State 204
5. North Carolina 173
6. Bradley 132
7. Southern California 102
8. Iowa 95
9. West Virginia 66
10. Duke 64

Ashland Shades Ohio Northern; Steubenville Rolls

DEFIANCE, Ohio (AP) — Ashland edged Ohio Northern 77-75 and Steubenville rolled over Defiance 71-53 in the opening round of the District 22 NAIA basketball tournament Monday night.

The winners meet tonight for the championship, the victor going to the NAIA national tournament in Kansas City.

Ashland held a 37-27 lead at intermission, but Ohio Northern tied it 75-47 with 42 seconds to play. An Ashland sub, Ken Haueter, came in, and with nine seconds left sank a basket to give the Eagles their 13th victory in 22 starts.

Ashland's Boze Johnson was high scorer with 23 points. James Saunders and James Seckman, each with 15, paced the Polar Bears (12-10).

Steubenville led by only 32-31 at intermission, but swamped Defiance in the second half. The Barons (15-10) were led by Bill Rahuba and Bob Beatty, each with 15 points. High for Defiance (18-4), the Mid-Ohio League champion, was Ray Etzler with 13.

Cleveland Halts Denver's Streak

By The Associated Press

Cleveland brought a halt to Denver's 13-game National Basketball League winning streak Monday night and looms the team to beat in the league playoffs March 19.

The Pipers clinched the Eastern Division title several weeks ago. Denver nailed down the Western Division lead a few days later.

Last week the Pipers and Truckers met head-on in Denver. Denver slipped through the opener 89-88, won another Sunday 130-120, but ran out of gas Monday night.

Cleveland built up a 19-point cushion then held on against several Trucker rallies to get the streak-snapping win 114-106. Jack Adams led the Pipers with 31 points.

Leetonia Plays Tonight

Four County Schools In District Tourneys

By DICK BRAUTIGAM

Columbiana County will be well-represented in District basketball tournaments this week.

Of the 11 schools in the county which entered various tournaments four have made their way into District competition. They are Salem and Wellsville in Class AA and United and Leetonia in Class A.

Both Class AA teams have outstanding chances of surviving District play and moving on to Regional competition.

Salem's tall and talented cage squad is favored to whip a speedy but not too rangy Poland quintet Friday night at Youngstown South Field House, and then go on to take the measure of either Warren Harding or Campbell in the finals on Saturday.

Salem Coach John Cabas warns his players and the Quaker fans not to take this Poland quintet too lightly. "They have a lot of hustle and move the ball around well and fast," Coach Cabas remarked.

Highly regarded Youngstown Chaney will testify that the Bulldogs can be tough on a given night. The Cowboys were one of the three teams Poland bumped out of the Sectional Tourney.

WARREN, which is a slight favorite over Campbell Memorial, was an 85-65 victim of Salem during the regular season. Warren Harding was the team which bumped the Quakers from tourney play last year after Salem had won the regular season fray.

Wellsville drew Bellaire for its first tourney tilt in the New Concord District. Bellaire is the team which upset highly regarded Martins Ferry Saturday.

If the Tigers can get by Bellaire, they will face the winner of a clash between Cambridge and New Philadelphia. The survivor advances to regional competition at Columbus.

LEETONIA, upset winner over Columbiana in the Canton Sectional, runs up against Rootstown tonight at Canton. If the Bears can get past Rootstown, they would probably have to defeat powerful Liberty to gain a trip to the Regional.

Rootstown, which is located just south of Ravenna, has a 13-9 record but has not played as rough

Ingo To Hold Last Workout

Will Gird Strength For Fight Monday

By WHITNEY MARTIN

Associated Press Sports Writer

PALM BEACH, Fla. (AP)—Ingemar Johansson's private count-down had reached two today, meaning that Wednesday will be his final workout for his title quest against heavyweight champion Floyd Patterson in Miami Beach Monday night.

After Wednesday Ingo will just sit tight, girding his strength to regain the crown.

He made several things clear after Monday's workout, during which he again boxed a total of six rounds with three sparring partners.

Johansson said Patterson won't clip him with a left hook as he did in knocking Ingemar out in their second meeting last June. He said he was caught inexplicably motionless in midring, right hand raised in sort of a salute. It won't happen again, he promised.

He also declared his right hand will shoot out so fast that if he misses with it, Patterson won't have time to cross a left over it before he closes in.

Ingemar also confirmed what many thought they had noticed. He is fighting lower now.

"That way when a guy rushes you, you can withstand the charge, and not be carried backward," he explained.

The burly Swede said he had no apprehensions about being knocked cold again; that he has no mental block that would prevent him from turning loose with his right for fear of a quick reprisal.

News From Training Camps:

Chisox Feud With Shaw Gets Hotter

By MIKE RATHET

Associated Press Sports Writer

Baseball's contract disputes are becoming louder. Pitcher Bob Shaw fired a broadside at the Chicago White Sox Monday and the Milwaukee Braves sounded an ultimatum to outfielder Wes Covington.

Shaw told The Associated Press "If the White Sox don't want me, I don't want the White Sox—I've yielded as much as I intend to. I'm ready to be traded."

General Manager John McHale of the Braves said in response to Covington's rejection of the club's latest proposal: "He had his chance. We've done our part."

McHale said Covington, 29, accompanied his latest refusal with a suggestion "nothing short of amazing."

"He not only wanted the same pay as for his poor 1960 campaign (.249 with 10 homers and 35 RBI) but said we could cut if he didn't have a good year. That's against baseball rules," McHale said.

Shaw, 27, who compiled an 18-6

regular-season record and won one World Series game for the 1959 American League champions slumped to 13-13 last year. He said, "Not only do I refuse to take a cut, I think I deserve a raise."

The right-hander said he is basing his holdout siege on two factors: He didn't get enough money after his big year in 1959, and he feels he deserves a raise on his prospective value to the club in 1961.

"I'm in good shape. I've been working out, I know I can win 18 games this year if they give me a chance. Feeling this way, I'd be foolish to cheapen myself by accepting their terms," which call for a 21 per cent cut according to Shaw.

At the training camps, many teams took the day off or held workouts instead of intrasquad games. Harmon Killebrew hit four out of the park—three in succession—during the Minnesota Twins' practice session.

Things are getting so gummed up in the late-hour drive to close the fields for the two major college basketball tournaments that even usually anxious coaches are saying "no" and conferences are having coin-flipping playoffs to determine where game playoffs will be staged.

Officials of the National Invitation Tournament are hectoring the list of availables for a replacement for a defending champion they thought they had signed, sealed and delivered. Tournament controllers of the NCAA championships are puzzling over a 24-team lineup that is only two-thirds completed with the start of scrambling only a week away.

Starting Refusals

The NIT got a startling refusal Monday from defending champion Bradley, which said no, thanks, after a long meeting of school officials and a comment from

Coach Ozzie Orsborn, to wit: "We aren't playing well enough to be a credit to the tournament."

High-ranked nationally all season, and regular season play completed at 21-5, the NIT was figured ready to make Bradley top-seeded for defense of its championship in the Madison Square Garden tourney opening March 16.

With the Braves not interested, the NIT lineup stands at 11. Memphis State, Providence, DePaul, Detroit, Army, Miami of Florida, Dayton, Temple, Niagara, and Holy Cross, which accepted Monday, are definite. The 11th spot will go to the loser of the Colorado State U.-Utah clash for the Skyline Conference title and NCAA berth on Saturday. Who is no. 12?

Maybe Duquesne, maybe LaSalle, maybe NYU — the NIT

representatives still to be determined. Monday night, New Mexico State further scrambled the picture by beating Hardin-Simmons 88-72 and forcing a playoff with Arizona State U. for the Border Conference berth. They'll flip a coin to decide where and when the playoff will be held.

Work also began Monday night on unraveling the three-team tangle in the Ohio Valley Conference. Morehead of Kentucky, with Granville Williams' 26 points helping overcome a 10-point halftime deficit, beat Eastern Kentucky 55-54. That eliminated Eastern but Morehead now advances to a showdown playoff with Western Kentucky at Louisville on Wednesday. That finally will decide what had wound up in a three-way title tie on Saturday in the OVC.

Another NCAA berth could be determined tonight. Loyola of Los Angeles can become the West Coast Athletic Conference champ, undisputed, by licking Pepperdine. If Loyola loses, San Francisco (playing at Santa Clara) could still tie and there would have to be another playoff.

Fortunately, a couple games Monday night were played just for the spirit of the game — no tournament overtures, no if or maybe technicalities.

Louisville and Marquette, a pair of NCAA at-large teams, warmed up for next week's action with the Louisville Cardinals scoring a 75-50 romp. John Turner hit for 24 points as Louisville, now 19-7, broke a three-game losing streak. Don Kojis' 17 points were tops for Marquette now 14-10.

Bellamy Sets Rebound Record

In the Big Ten, Michigan State had five players in double figures, topped by Jack Lamers' 21. In a 74-64 upset of Iowa, Bellamy scored 27 points and picked off a school record 28 rebounds in Indiana's 80-69 victory over Wisconsin, and John Tidwell closed his home Wolverine career with 24 points as Michigan upset Illinois 74-66.

Kansas (17-7) kept alive its chances of tying NCAA-bound Kansas State for the Big Eight title, running its record to 10-3 as Wayne Hightower hit 23 points and Bill Bridges 19 in an 85-75 decision over Iowa State. Joe Scott's school record 46 points featured Missouri's 97-76 rout of Nebraska, and Colorado handed Oklahoma its seventh straight loss, 52-45.

Playoff for Slo-Break League Opens Thursday

Industrial Mining and Salem Auto will open a best-of-three series at 8 p.m. Thursday in the Memorial Building to determine the 1960-61 champion in the Salem Slo-Break Basketball League.

Industrial Mining is the first round champ and Salem Auto took the second round crown. The second game and the third if necessary — will be played next week, according to C. F. "Rusty" Tomlinson, manager of the Memorial Building.

Jim Bell's 550-221 was high in the Quaker City National League. Mat Kuflietter notched single games of 204 and 201 and wound up with a 543 series.

Bell Plumbing walked away with team honors with a 2587-904.

TICKETS ON SALE HERE

Tickets for the District Tournament game at Youngstown South Field House Friday night between Salem and Poland are on sale here at Heddeston's Pharmacy and Fisher's News Agency. Season ticket holders have until noon Thursday to purchase tickets. After that, any remaining tickets will go on sale to the general public. Athletic Director Fred Cope cautions that tickets purchased for Friday's game will not be good for the finals on Saturday night.

THERON'S
OLD COUNTRY STORE

Columbiana-Lisbon Road

Throughout the U.S.A., you'll find hundreds of independent markets that are doing more business than the chain stores around them. There is a reason! — Most people would prefer to deal with an independent if he can give them what they want and that is just why we here at "Theron's" grow and grow.

Questions and Answers

Q—What is the longest national nominating convention on record?
A—That of the Democrats in 1924—17 days.
Q—Among U.S. coins, what varieties are called "overdates"?
A—Coins made from a die on which some part of the actual date shows evidence of being punched in over another earlier date.

ANSWERS YOUR PROBLEMS

Dear Ann Landers: My sister is expecting a baby any day. She has been married only six months. Her husband is a nice person and although they are embarrassed about the baby's coming early they are in love and happy.

My mother told her yesterday that she does not want to be phoned when the baby comes. In fact she said, "I don't even want you to tell me you have a baby until you've been married nine months."

My sister feels terrible. She asked me to write for advice. Is Mother justified in her attitude? —NELLIE.

Dear Nellie: The baby is coming when it's ready and your mother's attitude will only make her look ridiculous to friends and relatives.

People are bound to comment on the new arrival. If

Grandma is wise she'll be gracious and accept congratulations.

Another Go-Round

Dear Ann: You're usually right but I must agree with the father who told his youngster to "shut up and eat."

Our daughter yaks continuously during dinner and then refuses to eat the food "because it's cold." This goes on night after night. I think it's fine for children to discuss their experiences of the day with the other members of the family but I'm getting sick and tired of hearing her talk incessantly then turn her nose up at the food. In our house the only solution is to say "Shut up and eat." —AGAINST WASTE.

Dear Against: I hate to walk this cat around the block again but you COULD say: "We'll hear about what happened at

school AFTER you've eaten your meat and potatoes."

Children should be taught, too, that it's rude to monopolize a conversation. You could say after the child has talked for awhile, "Now eat your salad while Jimmy and Daddy talk."

Two For Table Talk

Dear Ann: I was delighted with your reply to "Shut Up and Eat." The writer who berated you because you suggested that children should be permitted to talk at the table made a very foolish statement. This self-styled expert said, "These kids became delinquent at home because no one taught them respect for authority."

The opposite is true. The 9-year-old who is told to "shut up and eat" is bound to resent an authority he cannot respect. If a parent wants his child to respect him — and others — he must be taught by example.

The child who is told to "shut up" will tell others to "shut up." If he is treated with gentleness and consideration, he will treat others the same way — RESPECTED AND RESPECTFUL.

Dear Ann: A small bouquet of poems for your advice to the father of the 9-year-old chatterbox. My father didn't tell me to "shut up and eat" but his icy stares kept me silent as a tomb — all through childhood and adolescence. I was so well "shut up" that it took five years of psychiatric care to get me to open my mouth.

My own children talk their heads off at the table and I encourage it. They are free, outgoing and honest about their feelings and it thrills me.

I remember all too well how I could not talk and I thank God that THEY can! —GRATEFUL.

Confidentially

TO HEARTSICK SUBURBANITE: Please send me your name and address and restate the problem. I will try to help you.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Salem News, enclosing a stamped, self-addressed envelope.

Two Youths Fined By Mayor of Lisbon

LISBON — Two area youths were fined and given suspended jail sentences at hearings Monday before Mayor Dean Stockman for petty larceny.

Donald Barnes, 19, of E. Lincoln Way was fined \$100 and costs and sentenced to 15 days in jail for theft of 50 gallons of gasoline from the Morris Gas Co.

Keith Parrish, 18, of Lisbon RD 2 (Blacks Rd.) was given a \$50 fine and costs and 15 days in jail for stealing two tires off a car parked in the east end of Lisbon.

A 17-year-old juvenile will have a hearing for his part in the gasoline theft before Juvenile Judge Louis Tobin.

The two youths, along with the 17-year-old juvenile, also turned over to the sheriff's department for breaking and entering the home of Fronia Arter, just outside the village on Rt. 30. The adults are expected to have a hearing in Southwest County Court, and Judge Tobin will hear the juvenile's case.

UNITED FFA OFFICERS. New officers of the United School Future Farmers of America Chapter, elected recently, have assumed their new duties. Pictured above, they are: Tom Hagan, sentinel; Gail Smith, treasurer; Jack Farmer, vice-president; Lee Stamp, president; Sam Phillips, student adviser; Sam Imhoff, reporter, and Kenny Harris, secretary.

Lisbon Social Notes

The Christian Youth Fellowship of the First Christian Church met Sunday evening with its sponsors, Mr. and Mrs. Jack Stockman and Mr. and Mrs. Fred Reese at the Reese home on North St.

The group began work on programs for two future events. The members will be in charge of the Easter sunrise service at the local church and also will have charge of the consecration service for the district 7 CYF rally Saturday, April 8, in Massillon. The rally will run from April 7 through 9. Carmen Gibson, president, presided.

Dairy Barn Tour March 16

Dairymen of the Columbiana-Mahoning area are invited to participate in a dairy barn tour planned by the Columbiana County Extension Dairy Committee for Thursday, March 16.

C. D. McGrew, extension dairy specialist, and K. V. Battles, extension agricultural engineer, will lead a discussion following lunch and will also accompany the tour.

Planned visits include: 10:15 a.m., Robert Barnett, RD 2, Beloit, located south of Westville; comfort stalls, gutter cleaner, pipe line milker, silo unloader. 11:15 a.m., H. W. Dye & Sons, RD 5, Alliance; Double Eight stall herringbone milk parlor, pipe line milker, 1000-gallon bulk tank, ear corn silage.

12:15 p.m., Lunch at Mile Branch Grange hall. 1 p.m., Discussion. 2 p.m., Walter Johnson, RD 1, Homeworth; comfort stalls, gutter cleaner, 2x50 silo, unloader, a d manger feeder, pipeline, bulk tank.

Feed Grain Survey

A survey of all farms in Mahoning County which produce feed grains is under way, according to L. L. Moff, chairman, County Agricultural Stabilization and Conservation Committee.

The survey is being conducted throughout the "major feed grain producing area" (which includes Mahoning County) as an advance step in connection with proposed feed grain programs now under discussion. The proposals would include adjusting the 1961 acreages of corn and other feed grains.

To put such a program into operation for 1961 crops in a manner which would be fair to all growers, accurate data must be obtained immediately for the possible establishment of feed grain base acreages for all farms in the major feed grain producing area. Such information will include the acreage history of corn, grain sorghum, barley, and oats, as well as the acreage devoted to other crops and land uses for all farms in the area where one or more of these feed grains were produced within the past two years, he explained.

Several new projects are being offered to Mahoning County 4-H members during 1961. These include photography, strawberry crops, small motors care and maintenance, Junior host and hostess, teen-agers entertain and home nursing.

These projects with plans and requirements will be listed in the 1961 Canfield Junior Fair Book.

Junior Host and Hostess and Teen-Agers Entertain are food projects that replace outdated projects used previously. They are adapted for use by boys and girls.

Any boy or girl between the ages of 10 and 20 years on Jan. 1, 1961 is eligible to become a 4-H member. Anyone interested should contact their local adviser or the Mahoning County Extension Office, 12 W. Main St., Canfield.

Most 4-H clubs will be organizing during March and April, reports Robert H. Groves, County Extension Agent, 4-H.

Jamaica owns its breadfruit crops to Captain Bligh of H.M.S. Bounty fame. The Pacific plant was imported as an inexpensive starch food for slaves.

Columbiana Council To Study Appropriation

COLUMBIANA — Village Council at its first March meeting tonight is expected to act on the annual appropriation ordinance which governs village expenditures for the year.

The bill has been prepared by Clerk George R. Snoke and the council finance committee. The appropriation measure is the only piece of major legislation listed on the agenda for tonight's meeting.

A DEVOTIONAL LUNCHEON is scheduled for a meeting of the

Woman's Society of Christian Service at noon Thursday in the First Methodist Church dining room.

The theme of the program will be "Giving Thanks in Lent." The meal will be prepared by the Searchlight Class. Mrs. Russell Lamondha will lead the devotions. The Home Builders Class will have charge of the program, with Mrs. Albert Antram as leader. A meeting of the WSCS executive committee is scheduled for 11:15 a.m., preceding the general meeting.

Two open dances are scheduled next week end by church groups. The Senior High Fellowship of the First Presbyterian Church will sponsor a record hop Friday night, March 17, at Dixon School, with a guest disc jockey slated to spin the records. A 50-cent donation will be accepted from dancers. The fellowship also has scheduled a bake sale for Saturday, March 11, at the Union bank.

SEARCHLIGHT CLASS of the First Methodist Church will hold a St. Patrick's dance Saturday, March 18, from 9 p.m. to midnight at Heck's Restaurant. Round and square dancing is scheduled, with Vince Andrus as caller. Guests are invited.

Columbiana Assembly, Order of Rainbow for Girls, will meet Saturday at 2 p.m. in the Masonic Hall. The session originally was scheduled for last Saturday. The meeting set for March 18 has been changed to March 25.

The Columbiana Rose Society is scheduled to meet tonight in the home economics room of the high school building.

LISBON KIWANIS TO MEET — LISBON — Dr. Peter Cibula will be the guest speaker at the meeting of Lisbon Kiwanis Club Thursday noon at the Eagle's Lodge. He will speak on "The problems of old age insofar as health is concerned." Dr. Cibula, a member of the club, was secured by Robert Leggett, program chairman.

Ray Tomes, automobile license registrar, is now located in the Blackwood building on Front St. Office hours are from 9 to 12 and 1 to 6 p.m. week days.

Mrs. Ed Gotthardt Jr., and Mr. and Mrs. George Greiner of Columbiana attended a floral design school at Columbus Sunday.

With The Patients

Mrs. William G. Rich of 465 Hawley Ave. has returned from North Side Hospital in Youngstown, having undergone surgery.
